Information Brochure for National Agencies

INFO DAY 6-8th June 2016, Brussels

ERASMUS +

The new **Erasmus+** programme aims to support actions in the fields of **Education, Training, Youth and Sport** for the period **2014-2020**.

The actions of the Erasmus + programme are divided into **decentralised** and **centralised actions**. The latter, such as **Knowledge Alliances**, are managed at a European level by the **Education, Audiovisual and Culture Executive Agency (EACEA)** located in Brussels.

Knowledge Alliances are transnational, structured and result-driven projects, notably between higher education and business. Knowledge Alliances are open to any discipline, sector and to cross-sectorial cooperation. The partners share common goals and work together towards mutually beneficial results and outcomes.

-Erasmus+ Programme Guide

As a general rule, **Knowledge Alliances** target the cooperation between organisations established in **Programme Countries**.

However, organisations from Partner Countries can be involved in a Knowledge Alliance as partners (not as applicants) if their participation brings an essential added value to the project.
