

**International Partners Week 2016, Istanbul Aydın University**  
**25 - 29 April 2016**

As the Erasmus program was one of the EU's most iconic initiatives for more than a quarter of a century, Erasmus+ encompasses a range of new ideas that have the potential to drive European student mobility forward in terms of both quality and quantity, while embracing the use of digital solutions. Given its importance in a way few other political initiatives can aspire to, we consider crucial to make every effort towards increasing Erasmus+ Program's reach and impact from an international to a global level.

The event is directed towards academicians and administrative staff, dealing with international cooperation, exchange programs, international students and other fields of activity and research and there is no registration fee. Participants are encouraged to access the Erasmus+ STT/STA funds to cover their living and accommodation costs while in Istanbul. Like every year, International Partners Week event will constitute a great opportunity for networking and developing new cooperation projects with peers from different countries and universities.

The program will feature the traditional Erasmus+ Partners Fair and the Study abroad workshop with open access to all our 39.000 students and more than 2000 staff for which we would be delighted if you could present and represent the universities from your country.

In addition, we will offer different sessions for teaching and training for our esteemed teachers and/or administrative staff guests as well as interesting seminars, panel debates, workshops, individual training and social activities.

The **program** of our event, the **application documents** and **accommodation information** can be accessed via our [Erasmus+ webpage](#) as well as the [iMOTION Platform](#).

For registering and ensuring a place at our event please also complete the **[online registration](#)** until the **10<sup>th</sup> of April 2016**.
